MINOR ART HISTORY, MYERS SCHOOL OF ART, THE UNIVERSITY OF AKRON [05.2008]

MINOR PROGRAMMING, SCHOOL OF BUSINESS, THE UNIVERSITY OF AKRON [05.2008]

EXPERIENCE

GET EXPANDED MEDIA: INTERACTIVE DESIGNER [08.2007 - PRESENT]

Designed and developed interactive solutions for a wide variety of clients including HP, Payless ShoeSource and JCPenney. Projects include the creation of a web-based learning management system that is unlike any other in terms of usability and look.

X-RITE: INTERACTIVE DESIGNER [04.2007 - 08.2007]

Designed and developed flash based solutions. Projects included CD and web based interactive presentations, custom application installers, web sites and printed promotional material.

APPLE, INC: MAC SPECIALIST + DEVELOPER [09.2006 - 04.2007]

Worked with customers to provide complete sales solutions. Inform and inspire a new generation of customers. Giving one on one Pro Care training sessions in Final Cut Studio, FileMaker, and web site creation.

MYERS SCHOOL OF ART: CONSULTANT + DEVELOPER [05.2004 - PRESENT]

Working with faculty and administration to develop solutions to help aid in learning. Projects include a network redesign

WEB SITE: Redesigned, maintained, and produced content for the school's web site.

PODCAST SOLUTION: PodcastStudio will record, stop, encode, upload, and create an iTunes subscribable podcast. <http://art.uakron.edu/podcasts>

NETWORK SOLUTION: Migrated 8 Macintosh labs from NetBoot to networked home folders.

FILEMAKER PRO SOLUTION: Created a series of databases utilizing FileMaker 7 Server Advanced.

FREELANCE PRINT AND WEB DESIGNER [08.2004 - PRESENT]

Work with clients to produce materials that enhance their products and services.

Projects include brochures, DVDs, video editing, interactive design, and database driven websites.

LEXI-COMP, INC: TECHNICAL SUPPORT REP. [01.2004 - 09.2006]

Help customers through technical issues with their software. Multi-tasking by answering e-mail inquiries while answering questions by phone. Required proficient knowledge of the Mac and Windows OS as well as the Windows Mobile Pocket PC and Palm OS to troubleshoot problems.

OHIO.COM: CONTENT PRODUCER [02.2000 - 01.2002]

Maintained content of the Ohio.com web site. Content produced included interactive flash animations, and regular updates of front page content and layout.
